NARRATIVE
The purpose of this survey is to partition the property described in deed reference number 89-12511 of the Deed Records of Douglas County, Oregon into three parcels as shown on the Preliminary Plat in Douglas County Planning Department file No. 99-064 and to monument the boundary of parcel 1.
The boundary of Parcel 1 was determined using the following evidence:
The north boundary line was established using the monuments found per M30-13.
The existing 60 feet wide access easement along the north boundary was established using the found monuments and record information per M54-59.
The west line follows the thread of Deer Creek.
The south and east boundary was established using the found 3/4" iron pipes, the existing fence and record information per said deed. The monuments are referenced by the deed but no reference is made to them in previous surveys. No evidence of the 5/8" iron rods per M30-13 and referenced in later surveys was found.
The boundary of Parcel 2 and 3 were established using Deed record information and record surveys of the subject and adjoining properties.
