

THIS COPY MADE FROM  
A XEROX 2510  
DATE 1-5-89

NOTE:  
Bearings shown on this map are deed bearings, obtained as follows: - The first boundary bearing mentioned in the description from which these parcels are cul, is the base bearing; for the new description, with subsequent bearings resulting from observed angles between the monuments recited, in the parent description. This then causes the equations as shown. To convert to true bearings, rotate 2°11'30" to right or clockwise.
