- Found 5/8" x 30" Iron Rod
- Set 5/8" x 30" Iron Rod

NOTE: All angles were turned with a 20" kern theodolite and all distances were measured with a H-P distance meter and a 300 foot steel chain. The north and west boundaries of the 11 acre parcel were established from that boundary line agreement as described in Inst. No. 81-4486. The south boundary was established at random and the east boundary was established using record distance along the north line of Block 5, Roseburg Home Orchard Tracts Plat C from a found 5/8" Iron Rod at the northeast corner of Lot 2, Block 4 in said subdivision. The boundaries of the 30 acre parcel were established at random since it did not previously exist.
