**NARRATIVE:**  
The property being surveyed herein (40.00 acres) is for management purposes and not for land sale purposes. The 40 acres is located by projection from the found legal corner (1/4 S, Sections 19 & 20), since it would be too expensive to subdivide the Section 19. The survey instruments used were a Jena 0°00'01" theodolite and a Mac II electronic distance meter.
