NARRATIVE

The purpose of the survey is to demarcate the boundary of the property described as the North one-half of the West one-half of Lot 6, Block 1, Fairacres Subdivision.

The monuments shown as found were held to control the south and west lines of the property. The found iron rod at the Southeast corner of the property was held and the Northeast corner was set at the midpoint along the north boundary of Lot 6. The northeast corner of Lot 6 was calculated at proportionate distance between the Northwest corner of Lot 6 and the found 2" iron pipe at the Northeast corner of Block 1.
